## *The Infant Feeding Pyramid: Management of Formula Feeding Issues*

35-Minute Program Presented by Glendon Burress, MD

### Program Objectives

- To understand the infant feeding issues parents face and common reasons for switching infant formulas.
- To discuss the management of formula feeding issues based on an infant feeding pyramid approach.
- To describe the four categories of infant feeding issues including normal feeding, mild feeding concerns, recognized medical need and severe medical need, and the appropriate formulas for each category.
